CASE #02

The Torn Map · Clue kit

Print one copy per crew. **Cut out the 13 fragments** and put them in an envelope with the compass mat (page 2). Keep the Guide's strip.

FRAGMENT 1 — A

"When something's hard, I want to ask for help straight away."

FRAGMENT 2 — O

"I write everything in my diary, then forget to look at it."

FRAGMENT 4 — T

"I love a checklist so I can tick things off."

FRAGMENT 2 — O

"I have good ideas but don't always say them out loud."

FRAGMENT 1 — L

"My bag is a black hole. Things go in, nothing comes out."

FRAGMENT 2 — R

"I like a challenge, unless people are watching."

FRAGMENT 3 — S

"I start assignments the night before. It mostly works… mostly."

FRAGMENT 3 — T

"I understand things best when I explain them to a friend."

FRAGMENT 2 — O

"My mind wanders in long lessons, but it comes back when I take notes."

FRAGMENT 1 — Y

"I do my best thinking with music off and my phone in another room."

FRAGMENT 1 — N

"I like being the one who keeps the group on track."

FRAGMENT 3 — U

"I can focus for ages on things I love, and about four minutes on things I don't."

FRAGMENT 3 — E

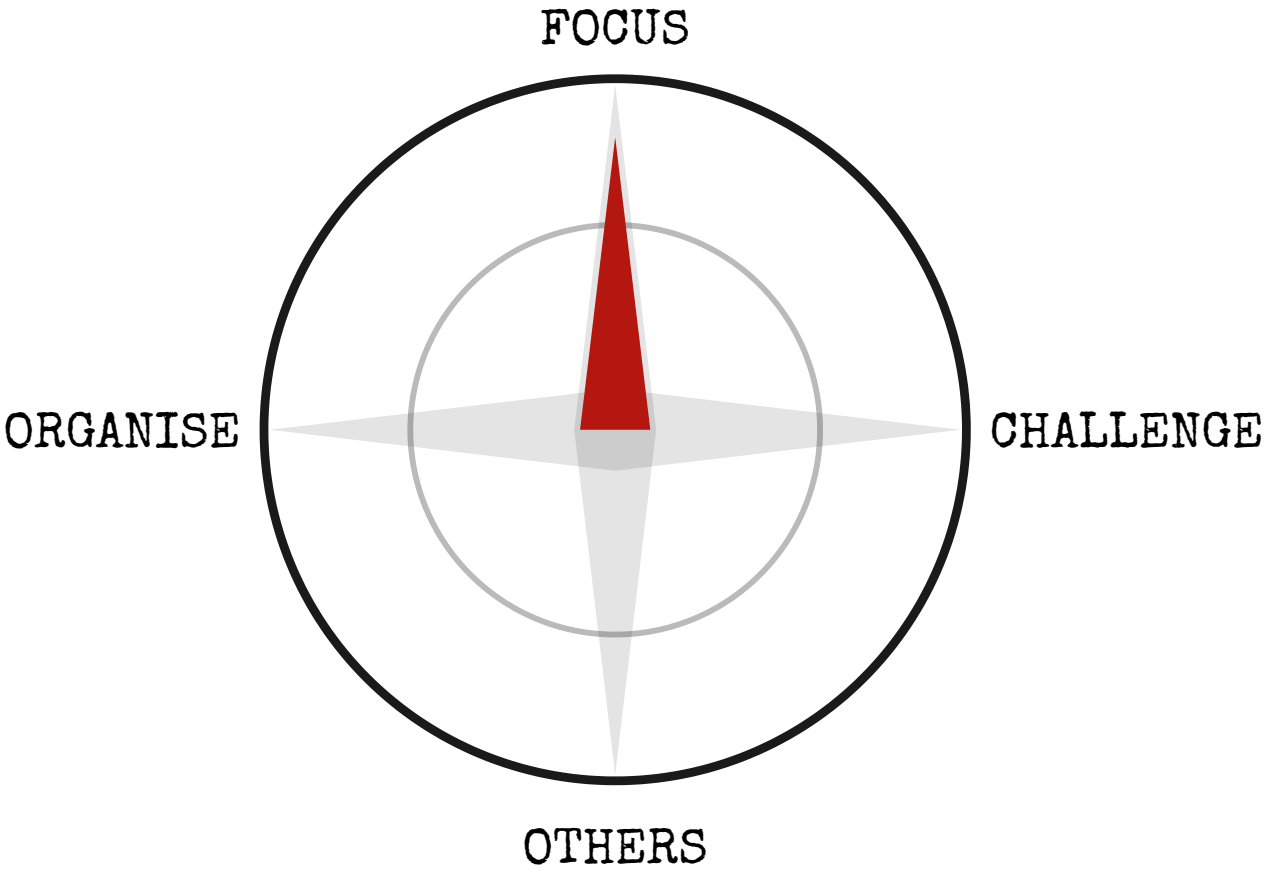

"If I can't get it right the first time, I feel like giving up."

For the teacher: the answer is set in the padlock in the Case Builder. Some fragments could fit two points; that argument is the learning, and the letters check them.

CASE #02

The Torn Map · Compass mat

Place each fragment next to the point of the compass it describes. Then put each pile in order by fragment number and read the letters, **starting at Focus and going clockwise.**
